

PROGRAM SUMMARY

" DAI PHAT REAL ESTATE LIMITED COMPANY TOUR "

On the morning of April 14, 2023, students from the Real Estate major at the Faculty of Valuation and Real Estate Business had the opportunity to visit Dai Phat Real Estate Limited Company.

Through this program, students listened to stories and perspectives shared by alumni about their experiences while studying and after working in the professional environment of Dai Phat, specializing in the luxury real estate segment.

Additionally, students were able to learn practical skills and work experiences from industry experts and staff. This created networking opportunities with professionals in the field, potentially improving their future job prospects.

On behalf of the organizing committee, we sincerely thank the teachers and the team at Dai Phat Real Estate Limited Company for organizing such a valuable activity for the students. We hope this experience will help students enhance themselves, learn, and gain valuable lessons.
